## **Quality, Value, Price & On-Time Deliveries**

**Why Use A. Lyons for your Global Importing of Wholesale Fasteners ?**

**We Have A Track Record You Can Trust**

For over 86 years, A. Lyons has specialized in importing components from all over the world.

We have long established relationships with certified sources overseas and we handle all the hassles of international customs rules & regulations so you don't have to.

## **Our Products**

We invite you to challenge us with any unique fastener needs you may have.

The tighter the tolerances and specialized the threading, plating or materials ...the better we like it. We hope to work with you on any/all types of Fasteners & Industrial Components:

- Stamped, Turned & Forged Parts
- Screws, Bolts & Other Cold Headed or Machined Parts
- Threaded Rods, Studs, Nuts & Washers
- Display Racks, Store Fixtures, Peg Hooks & Other Wire Forms
- Nails, Tacks & Pins

## **The Value of Using An Importer**

- Minimizes Your Risk of Inferior Components  
Samples are provided in advance and production runs do not begin until we have your signed approval.
- Keeps your working capital working so it works for you longer: You pay us when the finished product is on board not as it goes into production.
- Competitive Pricing: Our low overhead and long term relationships with overseas factories/professionals result in better prices
- No challenges with packaging for the final product: Whether it is for retail display or bulk distribution, we can provide what you want, when you want it.
- Proven track record: Eight decades of working with our customers to really understand their business and help them grow with the components they need.
- Service: Our employees have been with us an average of 14 years. Experience, knowledge and commitment make us nimble. When you have a problem we own it and we can respond quickly because we understand your business. (We make it our business to understand yours)
